### ONLY 5000 SEATS NOW AVAILABLE

(By Associated Press)

New York, Sept. 3.—Only 5,000 seats are now available for hundreds of thousands who want to see Gen. Pershing at the head of the First Division parade on 6th Avenue on next Wednesday. If lumber is contributed or funds are provided for it from private sources, the engineering companies at Camp Mills have volunteered to rebuild the two and one half miles of stumps on the Central Park side of 6th Avenue which were torn down after the parade of the 37th and 77th Divisions.

Washington, Sept. 3.—Gen. Pershing will be formally welcomed at New York by a Congressional committee. This was decided today by a joint committee of the House and Senate. The committee will consult with him regarding plans for his reception at the Capital. Various plans for recognition by Congress of General Pershing's service were discussed today but were deferred until the General, War Department officials and others are consulted. Among the proposals was a joint session of Congress to be attended by leading Government officials. The date of the ceremony will be left to General Pershing. Presentation of a sword and some special decorations and the passage of resolutions expressing the thanks of Congress for his services also were discussed.

### CONFERENCE TO CONSIDER SITUATION

(By Associated Press)

Washington, Sept. 3.—The conference of labor, capital and agricultural interests called by President Wilson for discussion of the economic situation will be held in Washington between Oct. 5 and 10.

### BELGIAN ROYALTY TO VISIT HERE

(By Associated Press)

Washington, Sept. 3.—King Albert and Queen Elizabeth of Belgium will arrive in Washington about Oct. 1 and will be guests of the President and Mrs. Wilson at the White House, probably remaining three days. The King and Queen will arrive in this country late this month and will come directly to Washington to visit the President and Mrs. Wilson before beginning a tour of the country. The tentative itinerary provides for their return to New York from Washington for a public reception. Afterwards they will leave on a journey that will carry them to the Pacific coast.

### ENGLISH WAITERS REAP HARVEST

London, Sept. 3.—The disappearance of German and Austrian waiters from the hotels and restaurants of fashionable London with the beginning of the war has left the field open to English waiters who are said to have been reaping a harvest.

One Piccadilly waiter says he earns \$5,000 a year, a considerable amount above the average; but investigation shows that it is not unusual for a good waiter to gather in salary and tips, \$3,000 annually.

### BOLSHEVIKI SUE FOR PEACE

(By Associated Press)

Berne, Sept. 3.—The Russian Bolsheviks have proposed peace negotiations following the rout of their forces which are surrounded according to an official announcement received here.

## Senator Hitchcock of Nebraska Asserts That Majority of Senators Will Never Accept Amended Peace Treaty Offered By Foreign Relations Committee

### CARUSO TO BE HEARD IN MEXICO

(By Associated Press)

New York, Sept. 3.—Enrico Caruso of the Metropolitan Opera Company and Mrs. Caruso arrived today from Italy. He said he was under contract for 12 performances in Mexico City for \$34,000, but that if conditions were bad in Mexico, he would not go there. Failure to appear, he said, would cost him \$200,000 in damages, according to his contract.

### PREPARE FOR ATTACK ON PETROGRAD

(By Associated Press)

Helsingfors, Finland, Sept. 3.—Admiral Cowan, commander of the British squadron in the Baltic has arrived here. It is understood in connection with preparations for an attack on Petrograd. He intends, it is said, to confer with members of the British Military Mission on the plans for the attack.

(By Associated Press)

Washington, Sept. 3.—Declaring the real purpose of the Foreign Relations Committee majority in amending the Peace Treaty was to kill it entirely, and that such a course would be suicidal to the United States, Senator Hitchcock of Nebraska, the Democratic leader asserted in a Senate speech today that the majority of the senators never would accept any of the committee changes. "The treaty opponents," he said "crawl on the ground with a microscope searching after pitfalls in the league of nations and overlooking substantial benefits which the treaty would bring the nation. The proposal of Senator Knox of Pennsylvania that the treaty be rejected and a separate peace made with Germany was characterized by the speaker as an insane 'mixture of poltroonery and folly.' "By a vote of 3 to 2," said Senator Hitchcock, "the committee on Foreign Relations is to bring squarely before the Senate the question of defeating the pending treaty."

### HITCHCOCK CALLED INTO CONFERENCE

(By Associated Press)

Washington, Sept. 3.—Senator Hitchcock of Nebraska the leading administration spokesman in the Senate, was invited to the White House today for a final conference before President Wilson starts tonight on his speaking tour to the Pacific coast in the interests of the Peace Treaty. It was understood that the President desired to discuss with Senator Hitchcock plans for the conduct during his absence of the administration fight in the Senate for ratification of the treaty and the League of Nations covenant without change.

Suppose the Senate should vote in favor of the Shantung amendment or any other, what would happen? Either the President would refuse to go further with the treaty or he would submit the amendments to the nations associated with the United States. Does anyone believe they would accept it? "I cannot conceive of any intelligent or candid man who would assume such a thing as a possibility. We would be met by an instant refusal to accept the amendment and then where would we find ourselves in this international settlement? We would find ourselves out in the cold, isolated from the rest of the world. The work of ratifying the treaty would proceed without us." "The treaty itself provides that when three nations in addition to Germany have signed it shall go into effect. It is easy to see the enormous benefits which Great Britain and France will derive from this treaty. They will not take any chances. It is preposterous to suppose that Japan will delay its ratification. The result is beyond all question."

### COMMITTEE OVERSTEPPED ITS POWERS

(By Associated Press)

New York, Sept. 3.—James P. Holman, President of the New York State Federation of Labor has repudiated the report of the committee appointed by him which recommended that labor refrain from participating in strikes for six months, as a means for combating industrial unrest and lowering the cost of living. Asserting that the committee had overstepped its powers in making the recommendation he said he would discharge both members, J. P. Pierce and I. Epstein. They have both been expelled from the Garment Cutters' Union, according to a Union official, for acting in a manner "detrimental to the interests of the organization."

Today Joseph Ruggiero announced at the Windsor Fair as a "Wild Man from Mexico" was in court. "I can't be a wild man for nothing," he told the court after saying he had asked for more money before leaving the show. The charges against the wild man were adjusted and he left for his home in Boston.

### TAKE STEPS AGAINST USE OF ALCOHOL

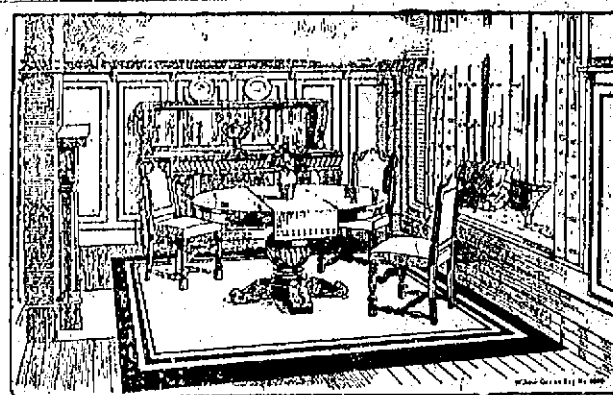

(By Associated Press)

Washington, Sept. 3.—Continued reports of numerous fatalities resulting from the use of denatured alcohol for beverage purposes and as an external application led the Internal Revenue bureau to take further steps today to stop such use. ASK FOR BIG SUM TO FIGHT FOREST FIRES

KITTERY POINT

Kittery Point, Sept. 3.—There was a little excitement created at the Hotel Parkfield after the storm Saturday when two charming little girls spending the summer there found a sealed bottle containing a rolled manuscript in the beach. After breaking the bottle the scroll was unrolled and was found to contain where to find a buried treasure somewhere on Kittery Point. The directions claimed to be from a Soldier of Fortune and told where and how to find the treasure. The search was to begin on the Sabbath morning as the clock was striking ten. The very interesting directions were followed out by the little girls much to the amusement of the guests who watched from the piazza of the hotel. Following the directions given the girls repeated in unison:

Abraham, Jonathan, give me eyes, chadiah, Jabadiah, make me wise, want to see where the treasure lies? Then armed with shovels they searched around the hotel in step reciting:

I never saw a purple cow; I rather find a treasure now.

They of course discovered the treasure concealed in an old kettle under the tree porch of the Parkfield Hotel. The treasure turned out to be a gift to the little girls from a real "Soldier of Fortune" recently returned from France.

Monday evening those employed at the Parkfield hotel this summer, enjoyed an entertainment given to them by Mrs. E. E. Pierce. Afterward they had a social time and dancing. Refreshments were served.

## BUY YOUR COAL NOW

Harry A. Garfield, U. S. Fuel Administrator, says: "Buy now. In August or the Autumn will be too late. A big coal shortage is coming. Thousands of miners are going back to Europe. Coal production has fallen off considerably and a shortage of many million tons looks probable. My advice to consumers is to buy NOW while they can get a selection and DELIVERY. If they wait until the coal famine is here, as I see the situation, we are likely to experience a coal famine in the Fall."

Walker T. Hines, Director, Gen. of U. S. Railroad Administration, says: "Unless the consumer buys his coal this summer he is going to find it difficult to get it this Fall and Winter. I predict a shortage of cars because of resumption of business in general, with which the coal industry must share transportation facilities. There are plenty of cars today, and consumers of coal are urged to use them while they can get them."

## AUSTRIA TO ASK FOR EXTENSION OF TIME

(By Associated Press)

Paris, Sept. 2.—Counsellor Karl Renner of the Austrian Peace commission left tonight for Vienna with a copy of the treaty which was presented to the Commission this afternoon. He indicated that Austria will probably ask for an extension of time so that the National Assembly can fully consider the document. The Supreme Council has decided to grant an extension in the event that Austria wishes for a longer time.

The treaty was accompanied with a covering letter which, according to the forecasts, sets forth Austria's responsibility in aiding to bring about the war and points out that she therefore cannot obtain treatment similar to that accorded Czechoslovakia and Yugoslavia. It is recognized, however, that because of her small extent, Austria will need economic and financial help to insure her existence.

It is declared unofficially that the treaty does not provide for a settlement of the Fiume controversy at present, the inference being that Austria will simply be informed of the territory she must relinquish and that the disposition of this territory, in certain cases, will be left for subsequent adjustment.

## MANY PLAYERS ON WAY TO NEW YORK

Boston, Sept. 2.—Closed theatres, a meeting of the striking members of the Actors' Equity Association, court proceedings in an effort to have certain members of one of the companies judged in contempt, and the departure of some of the members of the companies for New York, were the developments of the actors' strike situation in Boston today.

Hal Forde of the "Oh, My Dear" company, called the meeting of the actors to order at the Crawford House soon after one o'clock. At that hour neither Raymond Hitchcock nor Donald Brian had appeared.

To give the striking actors encouragement, two of the leaders of the Actors' Equity Association were present from New York. They were John C. Coffey and Harry C. Brown. Manager Fred J. Dempsie, local representative of the Stage Hands' Union, was present and said that no member of the union would handle any scenery in the houses. Several of the strikers volunteered for the benefit of Hal Forde's cars all the gossip they had learned about town today, largely relating to what this or that manager intended to do.

## VETS DO NOT HAVE TO PAY 1919 POLL TAX

Boston, Sept. 2.—More than 16,000 veterans of the world war who live in Boston are entitled to abatement of their \$2 poll tax for 1919, according to information obtained from the city assessing department. Officials declare all soldiers and sailors who were in service this year and who have paid their poll taxes should apply to the assessing department, on the third floor

of the City Hall annex to have the money refunded. Veterans who have not paid the tax, but have received bills for it may take the bills to the assessing department and have them cancelled.

The assessing department's announcement also covers poll taxes for 1917 and 1918. Residents of Boston who were in service in either 1917 or 1918 and paid their poll taxes for either or both of those years, will have the money refunded. Furthermore the assessors wish to notify the veterans that next year and for the three following years when the poll taxes will be increased from \$2 a year to \$5, the veterans may secure abatement of the extra \$3 assessment, because this extra amount is levied to provide a part of the money necessary for payment of the state bonus of \$100. The act establishing this bonus stipulates that the beneficiaries shall not be required to pay the increased assessment.

## WHY NOT ADD FEW MORE PERSONAL QUESTIONS FOR THE TEACHERS?

The following is the idea of a questionnaire as submitted to the New York Sun by a correspondent:

In order that their economic status may be clearly and stated by the State Education Department the Regents of the University of the State of New York, through Assistant Commissioner Thomas E. Flanagan, have asked the teachers of the state to answer questions of a "very personal" nature. The questionnaire includes such questions as the following:

What is the nationality of your parents?

Where were they educated?

How much have they earned?

Where were you born?

Where were you educated?

How many years have you taught?

Where do you live?

How much do you pay for board, lodging and laundry?

How much do you save, if anything?

Where do you spend your summers?

How much insurance do you carry?

How many Liberty bonds have you bought?

How much have you subscribed to the Red Cross?

Do you pay toward the support of others?

Are you an economical help at home?

Do you make your own clothes?

Do you own an automobile? If so, what kind and cost?

In order that this inquiry may be more complete as to economic and other status the following questions might be added:

Is marriage a failure?

What time do you go to bed at night and get up in the morning?

Do you make your own bed?

How old is Ann's Aunt?

What relation is a cockroach to a sparrow?

Are you Democrat, Republican or an A. P. A.

Do you wear furs in the "good, old summer time?"

about shoes is that many a pair can be saved from the "rag-bag" by judicious repairing in time. We can reshape your old shoes and by putting on new soles and heels, stitching here and there, and a little patching perhaps, make them over into practically new shoes. We charge little, but save you much on footwear.

## PROMINENT G. A. R. MAN IS NO MORE

Pittsfield, N. H., Sept. 3.—Heuben T. Leavitt, a past department commander of the New Hampshire G. A. R., died at his home on South Main street late Monday. His age was 79. Mr. Leavitt was born in Pittsfield, Nov. 11, 1839, the son of Heuben T. and Nancy (Brown) Leavitt. While quite young his parents moved to Concord, but after a few years returned to Pittsfield. They afterward lived in Suncook. They again moved to Concord, where Mr. Leavitt's father was register of deeds. Here they remained until the father was appointed keeper of Whitesboro Lighthouse at the entrance of Portsmouth Harbor. The family lived there more than six years. In 1860 they purchased a farm on the east side of Catawampus Mountain, Pittsfield.

Mr. Leavitt was married to Emma A. Watson, Sept. 4, 1871, at North Berwick, Me. He enlisted Aug. 16, 1862, in Co. F, 12th New Hampshire Volunteers. He was in the battle of Fredericksburg. On Sunday morning, May 3, 1863, during the battle of Chancellorsville, he was wounded. Two comrades, Edwin A. Kelley and John H. Philbrick carried him from the field and placed him behind a log house.

A shell from the Union gun burst over their heads and killed Kelley. He fell across the leg of Mr. Leavitt, who had to call for help to have the body removed. The Union forces were driven back and Leavitt became a prisoner.

For 12 days he was held and no cure bestowed upon his wound. In consequence he was disabled for life. He was paroled on the field.

At the time of his death he was representative from Pittsfield to the New Hampshire General Court. In politics he was a Democrat.

He is survived by his wife, a son, Harry Leavitt; a grandson, Heuben T. Leavitt, third, and a grand daughter, Theda Leavitt.

## IT WAS BIG DAY FOR THE EMPLOYEES OF OVERLAND SHOE CO.

The Overland Shoe Co. of Epping, of which Louis Shapiro of this city is manager and treasurer, was granted four days' vacation with pay last week.

On Friday they were given an outing at Lee Hill at which 150 employees were present. It was a big day for the Overland employees with music, sports and refreshments.

The Epping brass band played a short concert at the factory before the start of the trip at 10 a. m. and "The Epping" orchestra furnished music for the dancing during the afternoon.

The baseball game between the cutting room and the mending room was won by the Mending Room by score of 3 to 1. 75-yard dash, won by Paul Coffey; 50-yard dash, for women, by Alice Currier; three-legged race, by George Bowdell and Aldele Cote; bag race, for girls, by Ida Thompson; boys' 75-yard dash, by Alton Allen; long jump race, by Philip Mitchell and Arthur Dean; 50-yard dash, by John Tilton; tug of war between bodies of the stitching room and packing room, by the packing room; tug of war between mending room and the cutting room, by the cutting room; watermelon eating contest by George Bowdell.

The president of the company, Mr. Wagnman, was present and took part in everything on the program.

The entire affair showed the good feeling which exists between the workers of the Overland company and the management.

## UFFY AND BRIDE NO. 2 HELD FOR SUPERIOR COURT

Both Plead Not Guilty But  
Offer No Defense.—Court  
Refuses Further Delay  
on Case

William J. Duffy and Helen Healey appeared in the municipal court for the second time today since Aug. 22, on a statutory charge they were represented by Atty. Ziegler of Boston and Albert H. Hatch of this city.

They both pleaded not guilty and their attorneys offered no defense. The state put on four witnesses, the first Mrs. Duffy, formerly Miss Julia Mullane, her two sisters, Mrs. William Lawrence and Mrs. Earl Fitter, and Mrs. Catherine Ahearn who conducted a lodging house on State street.

The first bride of the defendant told of her marriage which occurred on Feb. 18, 1919, at Kittery, when the ceremony was performed by Judge Aaron H. Cole. Her sisters testified that they were witnesses to the ceremony with others.

Attorney Hatch moved that the defendant be discharged as the state had not produced conclusive evidence of any statutory offense. The court denied the motion.

Attorney Ziegler requested a further continuance of the case to await the action of the supreme court of York County, Maine, where both Duffy and former Miss Mullane have instituted proceedings for annulment of their marriage. Judge Gupitt declined to grant any further hearing in the lower court and ordered Duffy to recognize in the sum of \$1000 and former Miss Healey in the sum of \$600 for their appearance in the superior court of Rockingham County in this city in October.

## ST. JOHN'S LODGE TO HONOR FORMER SEC.

St. John's Masonic Lodge is to have a life size framed portrait of Chandler M. Hayford hung in its lodge room, this being painted by the noted portrait painter, Mrs. Nettie Mathews Horne.

Mr. Hayford held the office of secretary in St. John's Lodge for many years and since losing his sight was chairman of that order. At a special meeting of the lodge recently Mr. Hayford was present and given hearty farewell greetings and the portrait is given as a tribute to one who has served the order faithfully and whose presence will be missed at the lodge meetings. The portrait is going to be on exhibition in a local store window.

Mr. and Mrs. Hayford left Tuesday afternoon for Boston, accompanied by their son, Dr. Herbert S. Hayford and daughter Louise of Cleveland, Ohio. This forenoon they left for Washington, D. C., where they are to make their future home with their younger son, Arthur Hayford, who has a position in the treasury department.

## FOUND NO ROOMS SLEPT IN AUTO

It is said that visitors to this city  
find much trouble in obtaining rooms,  
especially transients. One automobile  
party of tourists who were unable to  
find rooms recently were obliged to  
sleep in their machine in a field. No  
doubt there are plenty of rooms available  
but where they are is not always  
known. One hears this complaint right  
along for rooms wanted, as the hotels  
this summer are filled to overflowing  
much of the time with tourists.

Where the Heap o' Common Sense Comes In.

There never was a time in the history of the world  
when Mothers were thinking and talking so much about  
new methods and new ideas for training children. News-  
papers and magazines all over the country have been  
talking and talking about it for the last few years.  
Mothers' clubs are talking about it; Mothers are writing  
papers and discussing it from all angles.

And speaking of new methods, it seems absolutely  
necessary that a baby's carriage should be comfortable,  
easy for the Mother to wheel about, and it goes without  
saying that every Mother wants her baby's "jinrikisha"  
to be the best looking one on the street.

Not long ago the writer visited a prominent baby car-  
riage factory and after looking through what seemed  
an almost endless array of infant equippages made se-  
lections of the most beautiful wicker creations that you  
could possibly imagine.

In this store of Margeson Brothers you will find the  
latest designs in the most bewitching colors: grey, white,  
natural, blue, green and brown—exquisite patterns all,  
we assure you.
